**Rating vs favorite_count Plot:**

Insight 1: Increase in rating showing fav_count increase as well, which seems to be inline with the expectation. rating 15 favorite_count is 0 which perhaps shows a data quality issue

Popular Names:

```
None        576
a            55
Charlie      11
Oliver       10
Penny        10
Tucker       10
Cooper       10
Lucy         10
Sadie         8
Lola          8
```

Insight 2: None and a do not seem to be names, so Charlie, Penny, Cooper, Tucker, Lucy and OLiver seems to be popular names

Top 5 Breeds:

```
golden_retriever     126
Pembroke              70
Labrador_retriever    69
Chihuahua             50
pug                   45
```

Insight 3: By far golden_retriever looks to be most popular breed which has got recognized with more than 50% probablity
